DETAILED ACTION

Response to Amendment

This is a response to the amendment, paper No. 37, filed 09/07/04. Claims 17, 19-23 are pending and considered before the examiner.

Please note any ground of rejection(s) that has not been repeated is removed. Text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office Action.

Claim Rejections - 35 USC § 112,

A. 1st paragraph of enablement issue.

1. Applicants traverse the rejection, and argue that Office should not raise about this issue again since this rejection was previous withdrawn by the examiner in view of a Declaration under 37 C.F.R. § 1.132 by John Polo, in which Polo addresses very points as stated in the Final Office Action mailed on September 25, 2003, after consideration of the arguments and Declaration, the rejections were withdrawn.

B. 1st paragraph on Written description

1. Claims 21-23 are still rejected under 35 U.S.C. 112, first paragraph on the same ground as stated in the previous Office Action, as failing to comply with the written description requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

2. Applicants traverse the rejection. However, applicants did not either point out any error of the rejection nor response any question raised by this rejection. Therefore the rejection is maintained.

Art Unit: 1648

Conclusion

Applicants are suggested to amend claims 17, and 19, and cancel claims 21-23 to place the application in condition for allowance.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
